PROFILE

Cybersecurity professional with hands-on experience in penetration testing, industrial device security under ISO/IEC 62443 and TISAX compliance. I combine offensive technical skills, certified with the eJPT, with risk analysis and audit preparation: I identify technical and organisational vulnerabilities, help remediate them and demonstrate compliance.

PROFESSIONAL EXPERIENCE

TISAX Compliance Technician Sep 2025 – Jun 2026
RPK Group · Spain

- Performed gap analyses of processes and controls against the requirements of the VDA ISA catalogue.
- Identified and assessed information security risks in preparation for the TISAX assessment.
- Managed and tracked the non-conformities raised during the assessment through to closure.

Cybersecurity Specialist Jan 2024 – Apr 2025
Orbik Cybersecurity · Mondragón, Spain

- Carried out penetration tests across a range of environments and technology assets using Burp Suite, Nmap and Wireshark.
- Performed robustness testing of industrial devices in accordance with ISO/IEC 62443.
- Assessed cyber-resilience requirements and security measures in products.

Business & Technology Consultant (Internship) Mar 2023 – May 2023
Entelgy Innotec Security · Vitoria-Gasteiz, Spain

- Identified fraudulent online activity.
- Produced structured incident reports.
- Supported clients with operational and follow-up tasks.

Software Developer (Internship) Mar 2022 – Jun 2022
Selpath Technologies · Bilbao, Spain

- Designed and developed software with a security-focused approach.

CERTIFICATIONS

eJPT – eLearnSecurity Junior Penetration Tester INE Security

EDUCATION

Bachelor's Degree in Cybersecurity In progress
EUNEIZ University · Vitoria-Gasteiz, Spain

Specialisation Course in Cybersecurity in IT Environments (EQF Level 5) Jun 2023
Maristas Durango · Spain

Higher Vocational Diploma in Networked Computer Systems Administration (EQF Level 5) Jun 2022
Mondragon Higher Polytechnic School · Spain
